

These School Prayers were written by Amy Gaymer (Year 6, 2018/19)

**Dear God**

**Thank you for all the new beginnings in the world.**

**We thank the teachers for helping us to learn each and every day at school.**

**Teaching and guiding us to learn new things each week,**

**working together to the best of our ability.**

**Thank you for loving us for ourselves as we are, for what we are and for what we do.**

**No matter how different and unique we are to you, we are all equal.**

**Amen**

**Dear God**

**We thank you for our school**

**And all of those who work here**

**As we begin the new week**

**May it be a safe place where we love to learn**

**And where we learn to love and respect each other**

**Help our minds grow in learning new things**

**Experience opportunities and create new beginnings**

**As we grow into our own unique person that you would be proud of**

**Thank you that you love each and everyone of us as we are**

**Amen**
