

Class 6 Newsletter

Term 1 September 2021

Welcome Back!

I hope you and your children all had a wonderful Summer break.

Remember if you have any questions or concerns about year 6 please feel free to pop into the classroom at the end of the day or message me via Class Dojo.

Thank you for all your support.

Mr Woodcock

Frozen Kingdom

Our topic to begin the new year is called "Frozen Kingdom". We will be finding out about the planet's coldest lands, vast wilds, hostile territories, incredibly beautiful yet often deadly. This topic will be covered through many different areas of the curriculum. In our first week back at school we are going to be organising an expedition to Antarctica! We will be creating various Arctic artwork and also using ice in some Science experiments!

Please ensure:

- Your child has a complete P.E kit which is fully named. This includes trainers and a tracksuit for outdoor P.E.

- If possible provide your child with a named water bottle (This would mean less trips to the water fountain and more time for learning!)

- Your child arrives on time for school so we can settle down at the start of the day and booster groups can be run.

P.E

Due to the ending of Covid restrictions, the children are now able to bring P.E kits into school. P.E will take place on a Tuesday and a Thursday.

Other Curriculum Areas

Maths - Number and place value, addition and subtraction, multiplication and division

Science - Living things and their habitats

Geography - Features of the Polar Regions

Computing - Animation for a set purpose

Art - Based upon creatures from the Polar Regions and the adventures of Ernest Shackleton

RE - Creation and Science: conflicting or complimentary?
